Kimdura® Tag

Inkjet Tagstock 7901P0

Kimdura® Tag Inkjet Tagstock offers outstanding image quality, durability, and outdoor weatherability. The 8 mil tagstock is C1S coated, optimized for print-on-demand and full-color aqueous inkjet applications. It can also be pre-printed with other conventional and digital printing technologies.

Kimdura® Tag Inkjet Tagstock, in conjunction with pigmented ink, is designed to excel in applications where durability, weatherability (in accordance with ASTM G155 standards), and chemical resistance are required.*

Applications Include:

- Horticulture Tags
- Logistic and Transportation Tags
- Shellfish/Seafood Tags
- Industrial/Chemical Tags
- Lumber/Construction Tags
- Metal/Steel Rebar Tags
- Healthcare/Wristbands
- Safety Tags
- Outdoor Tags
- Tradeshow Name Badges

*When used in conjunction with the most commonly available inkjet printing platforms using water-based pigmented inks, including printers with print technology from EPSON, HP, and CANON. Contact your Indafor Customer Service or Sales Representative for details.

Kimdura® Tag Inkjet Tagstock resists a wide range of chemicals/solvents including:

KEY PERFORMANCE FEATURES

DURABILITY

- UV Resistance
- Water Resistance
- Chemical Resistance

PRINTABILITY

- Inkjet – Pigment
- HP Indigo
- Flexo

CONFORMABILITY

- Suitable for Wristbands and Wraparound Labels

TEAR/TENSILE PROPERTIES

- Unsupported Hole Strength
- Edge-Tear Resistance

APPEARANCE

- Matte White

Printability and durability of this material depend on printing method, processing conditions, exposure to the elements, and other factors. The performance attributes stated herein are based on test results following certain standards and/or in-house test protocols. Before using Kimdura® products, please check its compatibility for your printing system and the intended application. The information supplied in this document is for guidance only and should not be considered as a warranty. All implied warranties are expressly disclaimed, including without limitation any warranty of merchantability and fitness for use. All users of the material are responsible for assuring that it is suitable for their needs, environment, and end use. All data are subject to change as Indafor deemed appropriate. Indafor is not responsible for deviations in performance. Please contact Indafor for more details. For supplemental information and additional details visit www.indafor.com
